Do you give us permission to take photos of your child with our officers while out shopping? \_\_\_\_Y \_\_\_\_N  
(We try to avoid shots with faces of the children. This will not affect the decision to take your child shopping with us.)

Each year the Fairview Police Department receives many requests from parents asking to sign up their children for Shop with a Cop. We use these forms to help us determine those families who are most in need by assessing financial status, number of children in household, employment status, needs of the children, etc. Children age 5 and up (school age) qualify for the program. By signing up, it does not guarantee your children will be able to go shopping with us, or receive help from us, but we do try and help all who sign up in some way during the Christmas Season. The number of children we take shopping is limited to the number of officers who are available and can volunteer on our shopping weekend. We do our best to try and assess each family individually. **You will receive a phone call to notify you after the selection process is over. If you have any questions, please call 615-799-2435 Ext 108 and ask to speak with Sgt. Ronald Conner or anyone with the Shop with A Cop program.**
